SystemEU: Where Innovation Becomes Funded Impact

SystemEU is a **pan-European innovation platform** designed to **accelerate** high-impact, **fundable projects** by connecting startups, companies, universities and public institutions across key European regions in **Germany, Spain, Romania, Portugal** and **Bosnia & Herzegovina**. Through a strong cross-regional network, SystemEU transforms **ideas into scalable initiatives** with access to European funding, strategic partners and international markets.

Our mission is to activate **collaborative consortia** capable of winning competitive funding and developing breakthrough solutions in strategic sectors such as **energy, mobility** and **healthcare**. SystemEU creates the ideal environment to design, structure and **launch projects** aligned with European priorities and **funding programmes**.

Funding opportunities

SystemEU gives its members **direct access to European funding** opportunities, strategic partners and high-impact project consortia, backed by **2.2M €** in secured funding to activate **innovation projects** and **collaborative initiatives**.

Through the SystemEU ecosystem, organizations can turn ideas into competitive proposals and funded initiatives aligned with EU priorities. We support the full journey from project design to submission, reducing risks and increasing success rates, and helping transform innovation into financed, scalable and market-ready solutions.

- **Flagship events, matchmaking** activities and **European-level visibility** position SystemEU as a reference hub for innovation-driven funding projects.
- Members gain **privileged access to financing instruments**, institutional networks and high-potential collaborations.
- The ecosystem **connects startups, SMEs, corporates** and **research organisations** across Europe.
- SystemEU focuses on **turning innovation into funded projects**, sustainable businesses and long-term economic impact.

The **Open Call** for getting this European financing starts in **June of 2026** and will be announced through all SystemEU channels. You can also **stay up to date** with the latest news by joining our **online community** in **Open Hubs**.
